Freak, freak, freak  
I heard my dad pray over a football game  
Guess God had time that day  
Is there a shortlist order of importance  
Or is it just luck based?  
Listen, I'm just confused with  
The work that he's doing  
And I mean this respectfully  
God is a bit of a freak  
Why's he watching me getting  
Railed on the couch  
Staying pure for a wedding?  
He's got fucked up priorities  
God is a bit of a freak  
Like what's the fixation  
On hating the way he creates?  
So why would I spend my eternity  
With God when he's a freak?  
Why's he watching me getting  
Railed on the couch  
Staying pure for a wedding?  
He's got fucked up priorities  
God is a bit of a freak  
Like what's the fixation  
On hating the way he creates?  
So why would I spend my eternity  
With God when he's a freak?  
Why's he watching me getting  
Railed on the couch  
Staying pure for a wedding?  
He's got fucked up priorities  
God is a bit of a freak  
Like what's the fixation  
On hating the way he creates?  
So why would I spend my eternity  
With God when he's a freak?  
Under the covers  
Watching some cheerleaders  
I'm his biggest concern  
Don't worry about it

Kids that've sinned get sick  
Enjoy your red carpet  
Listen, I'm just confused with

So why would I spend my eternity  
With God when he's a freak?  
And the church choir's in session  
Hello, God, here's my confession  
Sorry, I'm not quite anointed  
Weird you're acting like my boyfriend  
Freak  
Why's he watching me getting  
Railed on the couch  
Staying pure for a wedding?  
He's got fucked up priorities  
God is a bit of a freak  
Like what's the fixation  
On hating the way he creates?  
So why would I spend my eternity
