

Pearl Jam - Got To Give

tom: [Intro] E B A

(E B A E)
(E B A E)

[Primeira Parte]

Stormy seas behind your eyes
The dark moon is setting on your cheap disguise
Whoever said love is a compromise
Knew you

[Segunda Parte]

Castle falling, turning into sand
The high tide is crumbling, on the rocks we sit
Never could believe a single word they said
About you

[Pré-Refrão]

And there I am, just picking up the parts
A broken engine busted, lifted up on blocks
Should've made the turns when the road got rough
But who knew

[Refrão]

I'll be the last one standing
I'll be the first to forgive, yeah
Give it away empty-handed
Breaks in my heart 'til something gives

(E B A E)
(E B A E)

[Terceira Parte]

I saw the doctor, said I'm falling apart
This heartbreak connection, all the blood dried up
Said he could've fixed it, had to open me up
Just like you

[Pré-Refrão]

And I can't stand it, 'cause it's no way to live
The pain of this every day has got to give
Give me liberty or give me death
Over you

[Refrão]

I'll be the last one standing
I'll be the first to forgive, yeah
Give it away empty-handed
Breaks in my heart 'til something gives

[Ponte]

Getting to the point where I can't breathe
Getting to the point got nothing to sing
Getting to the point where life don't
Mean a thing, let's get to the point
We all are heard and seen
Oh, let's get to the point, we can
We can believe that we are better
Together, you and me, yeah
Can take on anyone, anyone
If you can see

(E B A E)
(E B A E)

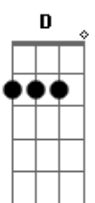

[Final]

Something's got to give
Got to give
Something's, something's got to give, yeah
Something's got to give, yeah
Something's got to give
Got to give

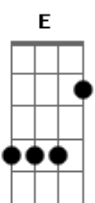

[Final 2]

(E B A E)
