

Pearl Jam - Hard To Imagine

```
Tom: D
                                                                     Gtr. 3 (Listen to CD )
                                                                           (A)
                                                                  (B)
                                                                  verse
Gtr. 2
                                                                  Paint a picture Isnt all in gray
                                                                  light your pillow lay back watch the flames
Chorus Gtr. 2
                                                                  I'll tell a story but no one listens that long
Gtr. 1
                                                                  it's hard to imagine it's hard to imagine
                                                                  CHORUS (B)
Verse Gtr.2
                                                                  D B(?) A C
                                                                  D B(?) A C
Gtr.1
                                                                  Tear upon us all the days are long
                                                                  Fly the meadow lay down four years now
                                                                  after heaven seen all they saw
                                                                  its hard to imagine its hard to imagine
                                    With Fill 1
                                                                  CHORUS (B)
                                                                  D B(?) A C
                                                                  D B(?) A C
                                                                  D B(?) A C
Gtr.3 Fill 1
                                                                  INTERLUDE
                                                                  \mathsf{G} \ \mathsf{A} \ \mathsf{G} \ \mathsf{A}
Chorus (Above)
                                                                  things were different then
Bridge/Outro Gtr. 2
                                                 Repeat Till End
                                                                  All is different Now
Gtr. 1 Outro
                                                                  I tried to explain
                                                                                         Somehow
                                                                  things were different then
                       Repeat Till End
                                                                  all is different now
                                                                                                G
                                                                  i tried to explain
                                                                                         somehow
