Intro: A Dbm Gbm E

[Refrão]

Super Blood Wolf Moon
Took her away too soon

Super Blood Wolf Moon
Took her away too soon

[Ponte]

I can hear ya,... singin'
In the distance
I can see ya when
I close my eyes
Once you were somewhere
And now you're everywhere
I'm feeling selfish and
I want what's right

Ask for forgiveness
I beg of myself
Feeling angry, knock
It off the shelf

[Solo] A Dbm Gbm E A Dbm Gbm E

[Primeira Parte]

Right now I feel
A lack of innocence
Searching for reveal
Hypnotonic resonance
But I feel,... not much

Of anything
And the cause is
Life or death

Don't allow for the hopelessness
Focus on your focusness
I've been hopin' and
I hope that lasts
I don't know anything
I question everything
This life I love is
Going way too fast

Both my hands are swollen
My face is broken
And I'm hopin' that I hurt your
Hopin' that I hurt your
Hopin' that I hurt your
Fist

[Solo] A Dbm Gbm E

[Segunda Parte]

She was a stunner and I am stunned
The first thought and second
Thought was could be the one
I was a prisoner, her keys
And her cuffs
Yeh, I was feeling fortunate
To be locked up

But the world kept a spinning
Always felt like it was ending
And love notwithstanding
We are each of us fucked!
