

Pedro Bara - When Night Comes

Tom: Gb

m

When the night comes
 And you just cannot sleep
 And your life seems out of reach
 I'm the one who makes you feel alright
 I'm the one who makes you feel alright
 In the morning when you're at home alone
 There's a ring on the telephone
 You look around and now she's gone
 Your life keeps moving on
 I'm the one who makes you feel alright
 I'm the one who makes you feel alright
 (Dbm7 Cm7)
 When I was down

You never helped me
 Like Cathy's clown
 You were hard to see
 I tried my best
 My best to love you
 I failed the test
 So what can I do?
 [Solo]
 When I was down
 You never helped me
 Like Cathy's clown
 You were hard to see
 I tried my best
 My best to love you
 I failed the test
 So what can I do?
