

Pedro Vulpe - No Distance

tom:

E

It's been all days of lasting evenings

A D

And dawn breaks too late

E

As the weight of the world

D A

Punishes my knees

E

When it's all rest

D

But there's no dreaming

A

Or the words come to fail

E

The movement of my lungs

D A

Will soon remember me

E D A

There's no distance left to run

E D A

No work yet to be done

E D

The reward is to keep on walking by

A

Your own path, your own song

E D A

?Cause there's no distance left to run

E D

May your chest feel the warmth

A

Lay down your arms, now it's safe

E A

To let it hurt out of yourself

D

And then be healed

E D

I've been trying (trying!)

A

To reach some comfort in my eyes

E

It's not the first

D A

It won't be the last time

Gbm

If it's the world's end

Abm

I'll know how to start over

A Bb

I will taste peace, I will see clearer

E D A

There's no distance left to run

E D A

No work yet to be done

E D

The reward is to keep on walking by

A

Your own path, your own song

E D A

?Cause there's no distance left to run
