

Penny Dreadful - Lullaby

Tom: **Ab**

(forma dos acordes no tom de **G**)
Capostrate na 1ª casa

When I was young **Am**
And scared of the Lord **C**
My mother would sing me a song **G** **Am**
A tune that I keep in a sacred place **Am**
Cause I know that my life won't be long **G** **Am**
It tells of the place where you go **Gbm** **C**
When your time here on earth is through **G** **Am**
A beautiful place we call heaven **F** **C**
Is it true **Em**
Please God I pray that it's true **Am**
'Cause once this land was heaven on earth **Am** **C**
Green hills were all you could see **G** **Am**
But now it's soot and steel and brick **Am** **C**
G **Am**

So it looks more like hell to me
And each day brings more and more suffering **F** **C**
And each night is silence and fear **G** **Am**
And I wake to the sound of your voice **F** **C**
But you're not here **Em**
Why aren't you here? **Am**
So now I lay me down to sleep **Am** **C**
I pray the lord **G**
My soul to keep **Am**
Please let me die before I wake **Am** **C**
So the Lord my soul, can take **G** **Am**
Then maybe I'll finally find you **F** **C**
'Midst the beauty of paradise **G** **Am**
And you'll sing not of dying **F**
But living **C**
Wouldn't that be nice? **Em**
Wouldn't that be nice? **Am**
