Drive on, drive on  
 My special one  
 Don't you stop 'til you know you're gone  
 Your sister and me have a set of keys  
 Don't you worry your head 'bout a thing

Drive on, drive on  
 My special one  
 Don't you stop 'til you know you're gone  
 Drive on, drive on  
 My special one  
 Don't you stop 'til you know you're gone  
 Your sister and me will keep your place clean  
 so it shines when you finally come home  
 Drive on, drive on  
 My special one  
 Don't you stop 'til you know you're gone
