

# Péricles Cavalcanti - Elegia

tom:

Intro: C C C

Deixa que minha mão errante adentre atrás  
Na frente

Em cima, em baixo, entre

Minha América, minha terra à vista

Reino de paz se um homem só a conquista

Minha mina preciosa, meu império

Feliz de quem penetre o teu mistério

Liberto-me ficando teu escravo

Onde cai minha mão, meu selo gravo

Nudez total: todo prazer provém do corpo

(Como a alma sem corpo) Sem vestes

Como encadernação vistosa

Feita para iletrados, a mulher se enfeita

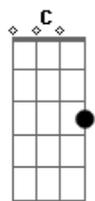

Mas ela é um livro místico e somente

A alguns a que tal graça se consente

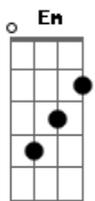

É dado lê-la

Eu sou um, quem sabe... hummmm
