

Pet Shop Boys - Opportunities (Let's Make Lots Of Money)

```
Tom: Eb
                                                                I have got the crime
 (com acordes na forma de D )
                                                                Oh, there's a lot of opportunities
Capostraste na 1º casa
Intro: G A
                                                                If you know when to take them
       Bm A
                                                                You know, there's a lot of opportunities
       D A
       Bm D A
                                                                If there aren't you can make them
I've got the brains
                                                                (Make or break them)
You've got the looks
                                                                I've got the brains
Let's make lots of money
                                                                You've got the looks
You've got the brawn
                                                                Let's make lots of money
I've got the brains
                                                                Let's make lots of
Let's make lots of
                                                                (Ahhhhhh Uhhh Ahhhh Ah Uh Uh)
I've had enough of scheming
                                                                Money
And messing around with jerks
                                                                (Ahhhhhh Uhhh Ahhhh Ahhhh Ah Uh Uh)
My car is parked outside
I'm afraid it doesn't work
                                                                You can see I'm single-minded
                                                                I know what I could be
I'm looking for a partner
Someone who gets things fixed
                                                                How'd you feel about it?
Ask yourself this question
                                                                Come and take a walk with me
Do you want to be rich?
                                                                I'm looking for a partner
                                                                Regardless of expense
I've got the brains
                                                                Think about it seriously
You've got the looks
                                                                You know it makes sense
Let's make lots of money
You've got the brawn
                                                                Let's (got the brains)
I've got the brains
                                                                Make (got the looks)
Let's make lots of money
                                                                Let's make lots of money (Oohh money)
                                                                (Let's) You've got the brawn
You can tell I'm educated
                                                                (Make) I've got the brains (Oohh)
I studied at the Sorbonne
                                                                Let's make lots of money (Oohh money)
Doctored in mathematics
                                                                I've got the brains (Got the brains)
I could have been a don
                                                                You've got the looks (Got the looks)
I can program a computer
                                                                Let's make lots of money (Oohh money)
Choose the perfect time
If you've got the inclination
                                                                Money
                                                                ( Cm )
