So, hi there. I'm Tony and this is my first tab submission.  
Don't worry, I've got a damn good ear. I've thought about submitting a few tabs before for other songs, but I'm usually just too lazy. Anyway I've got the complete intro down and the rhythm guitar for the rest of the song. I haven't done the lead guitar yet, but I'll probably finish and update that soon. Enjoy!

P.S.: Just listen to it for the timing and strum pattern.  
Intro: Guitar 1
