

Phil Headway - To Be Right

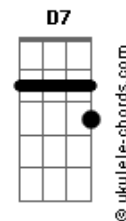

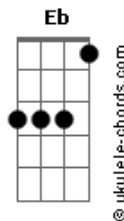

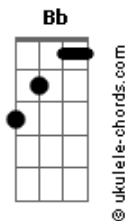

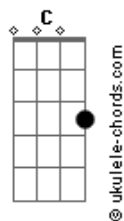

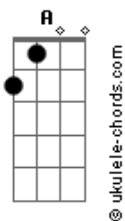

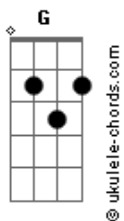

tom:
 Never mentioned that I need status or lies
 Everything I want is to shake the world's mind
 Now you decide to give up on this fight
 Doesn't matter what I say, you always want to be right

To be right
 To be right
 Take the golden stars for you
 To be right
 To be right
 All I wanna do is rock

Bro, watch your back, 'cause the caveman's outside
 His punch is so strong he turns days into nights
 Listen to me, don't mess up with this guy
 Know that you will lose because your ego's too high

To be right
 To be right
 Take the golden stars for you

Acordes

To be right
