

Phoebe Bridgers - Punisher

tom:
Capostrate na 6ª casa
Intro: G Am C

[Primeira Parte]

When the speed kicks in
I go to the store for nothing
And walk right by
The house where you lived with Snow
White
I wonder if she ever thought
The storybook tiles on the roof were
Too much
But from the window, it's not a bad
Show
If your favorite thing's dianetics or
Stucco

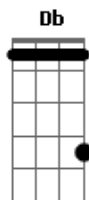

[Pré-Refrão]

The drugstores are open all night
The only real reason I moved to the
East side
I love a good place to hide in plain
Sight

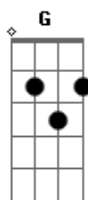

[Refrão]

What if I told you I feel like I know
You
But we never met?

[Segunda Parte]

And here everyone knows you're the way
To my heart
Hear so many stories of you at the bar
Most times alone and some looking your
Worst
But never not sweet to the trust funds
And punishers
Man, I wish that I could say the same
I swear I'm not angry, that's just my
Face

[Pré-Refrão]

A copycat killer with a chemical cut
Either I'm careless or I wanna get
Caught
Who I'm not

[Refrão]

What if I told you I feel like I know
You
But we never met?
It's for the best

[Final]

I can't open my mouth and forget how
To talk
'Cause even if I could, wouldn't know
Where to start
Wouldn't know when to stop
