

Phoenix - If I Ever Feel Better

Tom: A

(com acordes na forma de G)
Capostrate na 2ª casa
Capo 2nd Fret

C Bm
They say an end can be a start
G
Feels like I've been buried yet I'm still alive
C
It's like a bad day that never ends

I feel the chaos around me
Bm Em
A thing I don't try to deny
I'd better learn to accept that
Em Em Em G
There are things in my life that I can't control

Am D
They say love ain't nothing but a sore
G G Em
I don't even know what love is
Am D
Too many tears have had to fall
G G Em
Don't you know I'm so tired of it all
I have known terror dizzy spells
Finding out the secrets words won't tell
Whatever it is it can't be named
There's a part of my world that's fading away
You know I don't want to be clever
To be brilliant or superior
True like ice, true like fire
Now I know that a breeze can blow me away
Now I know there's much more dignity
In defeat than in the brightest victory
I'm losing my balance on the tight rope
Tell me please, tell me please, tell me please

Am D G G Em
If I ever feel better
Remind me to spend some good time with you
You can give me your number
When it's all over I'll let you know

C
Hang on to the good days
Bm
I can lean on my friends
G
They help me going through hard times
C
But I'm feeding the enemy
Bm
I'm in league with the foe
Em Em
Blame me for what's happening

Em Em G
I can't try, I can't try, I can't try
Am D G (G) Em
No one knows the hard times I went through
If happiness came I miss the call
The stormy days ain't over
I've tried and lost know I think that I pay the cost
Now I've watched all my castles fall
They were made of dust, after all
Someday all this mess will make me laugh
I can't wait, I can't wait, I can't wait

Am D G (G) Em
If I ever feel better
Remind me to spend some good time with you
You can give me your number
When it's all over I'll let you know
If I ever feel better
Remind me to spend some good time with you
You can give me your number
When it's all over I'll let you know
C Bm
It's like somebody took my place
G

I ain't even playing my own game
The rules have changed well I didn't know
There are things in my life I can't control
C Bm
I feel the chaos around me
Em
A thing I don't try to deny
I'd better learn to accept that
Em Em Em G
There's a part of my life that will go away

Am D G
Dark is the night, cold is the ground
G G Em
In the circular solitude of my heart
As one who strives a hill to climb
I am sure I'll come through I don't know how
They say an end can be a start
Feels like I've been buried yet I'm still alive
I'm losing my balance on the tight rope
Tell me please, tell me please, tell me please
If I ever feel better
Remind me to spend some good time with you
You can give me your number
When it's all over I'll let you know

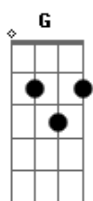

If I ever feel better
Remind me to spend some good time with you
You can give me your number
When it's all over I'll let you know

If I ever feel better
Remind me to spend some good time with you
You can give me your number
When it's all over I'll let you know
