

# Phoenix - One Time To Many

Tom: Db

**Db7**  
**Gbm** **Bbm**  
 Quiet please, turn it off, shut it down  
**Db7**  
**Bbm**  
 Slow down your tan, I'm gonna miss you a lot  
**Bbm**  
**Bbm**  
 There it goes... Your tears again... This is no fun...  
**Db7**  
**Bbm**  
 There it goes... Your tears again... As you walk away...  
**Gbm** **Bbm**  
 Then it's hard to tell what kind, they do look alike  
**Ab7** **Bbm**  
 Oh no that ain't what I said  
**Gbm** **Db7**  
 Oh no that ain't what I said  
 Always trying to fall asleep to make my way out

Looking at the ceiling, I'm counting the days  
 There it goes... Your man is down to the bottom...  
 There it goes... Your man is willing to cooperate...  
 Then it's hard to tell you kindly that ain't what I'm like

Guess I'd better find us a way out  
 "One time too many" I said  
 It's a long way to look alike  
 That is what you say

Slow down your tan. I'm gonna miss you a lot  
 There it goes... Your ID's been stolen...  
 They wave their hands goodbye... As you walk away...  
**Ab7** Then it's hard to tell who's kind, they do look alike

Oh no that ain't what I said  
 Oh no that ain't what I said

Guess I'd better find us a way out  
 "One time too many" I said  
 It's a long way to look alike  
 That is what you say

## Acordes
