

Pholhas - She made me cry

tom:
 Int. (C Fm G)
 Let me tell, my whole story
 I had some time ago
 She was a pretty little girl
 She was my wife, I was so glad
 My happiness finished so fast, my
 She broke my heart and told me
 She didn't love me no more

Then today I am alone
 I spend my time, spend my time
 Sweeping the floor
 The dust goes my mind flies
 The time goes by and I know
 I'll find another girl
 But I still remember
 She made me cry!
