

Phone Trio - Sewers Of This Town

Tom: **G**

(intro) **D B G**

D A G E Gb G B A

If you were here right now
I would shove you on that Iron Maiden
That I built that night that you left me behind
It wasn't so long ago
You were saying that you loved me so much
Well, I guess that much of yours wasn't much enough

B A D Gb G G Gb E Gb G B A

Cause this is me
Collecting the pieces of my dignity
On the garbage of your house
Or on the sewers of this town
Because you puked them all away

D B E A

A way to make you stay
As I go drowning all the way

D B E Gb G B A

And I'm trying to track you down
The sewers of this town
Sailing away

(solo) **D B C Db**

D A G E Gb G B A

As I go down the drain
I'm reminded of how you flushed my heart
With those crappy feelings that you kept for me
And it's almost as smelly here
As the bullshit that you had me believe
But just maybe not as shitty as yourself

B A D Gb G G Gb E Gb G B A

Cause here I am
Sailing the waters of your confidence
And it makes me feel so sick
I can't believe you're such a bitch
And still I'm trying to find a way

D B E A

A way to make you stay
As I go drowning all the way

D B E Gb G B A

And I'm turning my guts around
As they go underground
Looking for you

B G D Bb

And though you treat me like some junk you'll throw away

B G D Bb

I just cant help myself but begging you to stay
Please say you stay
