

Pierre Simões - Let's Get Together

tom:

A

Love is but a song we sing

G

Fear's the way we die

A

You can make the mountains ring

G

Or make an angel cry

A

Though the bird is on the wing

G

And you may not know why

D

Come on, people, now

E

Smile on your brother

A

Ev'rybody get together

D E A

Try to love one another right now

A

Some may come and some may go

G

He shall surely pass

A

When the one that left us here

G

Returns for us at last

A

We are but a moment's sunlight

G

Fading in the grass

D E

Come on, people, now, smile on your brother

A E A

Everybody get together, try to love one another

E A

Right now

D E

Come on, people, now, smile on your brother

A D E

Everybody get together. Try to love one another

A

Right now

A

If you hear the song I sing

G

You will understand

A

You hold the key to love and fear

G

All in your trembling hand

A

Just one key unlocks them both

A G

It's there at your command

D E

C'mon people now, smile on your brother

A D E

Ev'rybody get together, try and love one another

A

Right now

D E

Come on, people, now, smile on your brother

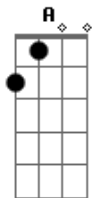

A D E

Everybody get together. Try to love one another

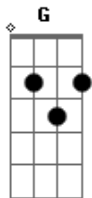

A

Right now
