

Pinegrove - Problems

tom: B

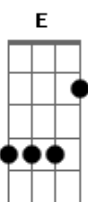

E This is how I spend my life up
G♭ Singing old songs
E What if I waste my life up?
B And all my problems
G♭ It's so stupid
E They're not even problems
B It was supposed to snow

G♭ And it did for a minute
E But there's no distraction now
B Or we could spend these years up E
G♭ On the phone
E But is that much better?
B It was supposed to snow E
G♭ But it didn't
E So there's no excuses now
