Pink - Hurts 2B Human

```
                          tom:
                  G

                      G
Boy you make it sound
      C2          G
so pretty even when it's not
        Em7                C2              G
Didn't choose but it's the only one we've got
        G          C2
And sometimes I get so tired
          G
Of getting tired up my thoughts
            Em7              C2
You're the only one that ever makes it stop

          G   C2       G
God, it hurts   to be human
        Em7 C2      G
Without you     I'd be losing
        G  C2              G
And someday    we'll face the music
          Em7    C2
God, it hurts    to be human
            Em7        D        C          G
But I've got you, you, you, you, you, you (hey)
              Em7        D     C    G
And you've got me, me, me, me, too

         G            C2            G
I could buckle and preparing for the crash
        Em7            C2            G
Like I'm walking down a road of broken glass
        G            C2
Now if we defeat our lords and emperors
          G
And it was us against the world
          Em7
You can count on me
      C2                G
You know I'd have your back

          G   C2       G
God, it hurts    to be human
        Em7 C2      G
Without you     I'd be losing
        G  C2            G
And someday    we'll face the music
```

```
            Em7    C2
God, it hurts    to be human
            Em7        D        C          G
But I've got you, you, you, you, you, you (hey)
              Em7        D     C    G
And you've got me, me, me, me, too
              Em7        D     C          G
But I've got you, you, you, you, you, you (hey)
              Em7        D     C  G
And you've got me, me, me, me, too

Em7      G7M#   C2
   Hope floats  away

If you could spend a day in my shoes
Em7      G7M#         C2
   Your mind would change

If you'd known what I've gone through
Em7      G7M#    C2
   We want the same (Yeah, we do)
Em7                 G7M#
Maybe then you'll understand

How it hurts to be human

          G   C2       G
God, it hurts    to be human
          Em7 C2                  G
Without you (without you) I'd be losing
(Yeah, yeah, yeah)
        G  C2                  G
And someday       we'll face the music
          Em7    C2
God, it hurts    to be human

            Em7        D        C          G
But I've got you, you, you, you, you, you (hey)
              Em7        D     C  G
And you've got me, me, me, me, too
              Em7        D     C          G
But I've got you, you, you, you, you, you (hey)
              Em7        D     C  G
And you've got me, me, me, me, too

             G   C2       G
Oh God, it hurts    to be human
