

Placebo - Beautiful James

tom:

Intro: C Am C

[Primeira Parte]

Bring me back to life

Never let me go

Your troubles and your hard strife

I saw them

Take me by the hand

As we cross through battlefields

Nobody understands

'Cause there's nobody at the wheel

[Refrão]

Beautiful James

I don't wanna wake you

Beautiful James

I don't wanna wake you

[Segunda Parte]

Everybody lies

One hundred times a day

The silence in your hard eyes

Is far too rare to give away

And it's exactly why I stay

[Refrão]

Though I may have to

I may have to

I may have to
