

Poison - Life Goes On

tom:
A

I felt this before now I feel it again
 No matter how hard I try this feeling won't end
 So I pretend you're here by my side tonight, on this lonelyride

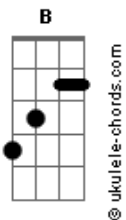

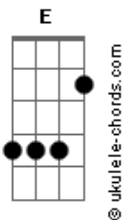

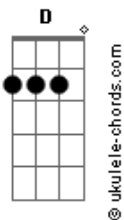

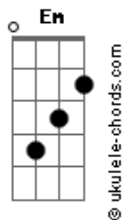

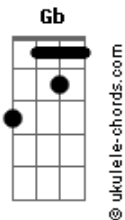

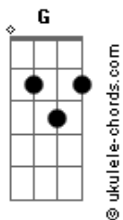

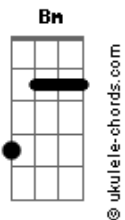

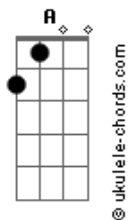

I keep telling myself that

[Refrão]

Life goes on while you're miles away
 And I need you
 Time rolls on as nights steals the day
 There's nothing I can do

You healed up my wounds
 I tasted your tears

Acordes

You spilled out your heart
 So I let out my fears
 But one fear I kept to myself
 How I prayed that you love no one else
 Like you said you love me

[Refrão]

If you only knew how much I miss you

[Solo]

When my mind plays its tricks on me
 It shows me things I don't wanna see
 So I tell myself and
 I keep telling myself self now
 Just take another piece of me?

[Refrão]

Love goes on you're still miles away
 And I need you
 And this last mile I travel with you
