

Porcupine Tree - Lazarus

Tom: **A**

Well First of all i found a tab for this song But i was just the chords. and when i played them with the song it just didn't sound natural. So i looked at a live performance on you tube and really studied how the guitarist it so i could out the real way to play this great song

So i hope you enjoy! :)

So Right here are the chords for both the versus and the chorus:

And those are the main chords so just find the rythum and you

should
be on your way.

Bridge:

Ending just involves same chords from chorus but some additional
And these are the chords you must know:

And once you get the rythm, for all this song you'll be playing just like

ENJOY!
