

Portugal The Man - The Sun

Tom: F

F
if you look real high

F
you just might find

Am
sitting in the stars
glistening, glistening

F F
waiting for the band to come

Am
just waiting for that man to come

Dm
oh, I wonder...

F Am Dm C Bb
slip on down from that sun to climb

F Am Dm C Bb
down to earth and down to things like time

F Dm Am
because we are all, we are all just lovers

F Dm Am
born of earth and light like all these others

F
if you're talking to the moon

Dm
the moon might sing about

Am
the universe shouting out I don't need, I don't need

F Dm Am
time i breathe in time

F Dm Am
where, where are we now?

F Dm Am
where, where are we now?

F Am Dm C Bb
slip on down from that sun to climb

F Am Dm C Bb
down to earth and down to things like time

F Dm Am
because we are all, we are all just lovers

F Dm Am
born of earth and light like all these others

if you're looking for the river
just find the mouth
it's grinding like gnashing teeth foaming out, foaming out
mixing up that hell to come
just mixing up the hell to come

F Dm
and it's fixing up to swallow me whole

Am
fixing up to swallow me whole

F Dm
fixing up to swallow my soul

Dm
fixing up to swallow me whole

(Dm Am Dm Am Dm)

F Am Dm C Bb
slip on down from that sun to climb

F Am Dm C Bb
down to earth and down to things like time

F Dm Am
because we are all, we are all just lovers

F Dm Am
born of earth and light like all these others

F Dm Am
we are all, we are all
where, Where are we now?

F Dm Am
we are all, we are all
where, Where are we now?

F Dm Am
we are all, we are all
where, Where are we now?

oh, I wonder
