         Dm                      C          Dm
I killed a man last night, gave him what he deserved
 Dm                  C          Dm
Dug a midnight grave, and I put him in that dirt
     Dm               C            Dm
I woke up this morning, my conscience fully clear
  Dm                 C         Dm
Felt closer to Jesus than I ever had in years

                    F
He can't hurt the ones I love
                  C
He can't break no angel's heart
              Gm                        Bb
He can't take that whiskey bottle and tear my world apart
                   F
He can't stand there in the mirror
              C
He can't tell me no more lies
          Gm              Bb            Dm
Yeah, I killed a man, I killed a man last night

       Dm                       C          Dm
Lord knows he had it comin', his sins were adding up
        Dm                      C          Dm
But when he drove that girl away, I finally had enough
      Dm                      C          Dm
I coulda pled the fifth, but I poured it down the drain
