

# Post Malone - Mourning

tom:  
A

**Dadd9**  
Don't want to sober up  
The Sun is killin' my buzz  
That's why they call it mourning

A2  
Thought I was strong enough  
Threw my bottle at the sky  
Said: God, that's a warning

**Dadd9**  
Don't wanna sober up  
Try to keep it inside  
But I just wanna pour it

A2  
Thought I was strong enough  
Got a lot of shit to say  
Couldn't fit it in the chorus

**Dadd9**  
I just left Wally's, spent a Maserati  
The way I gotta flex, you think I did Pilates

A2  
I call my quote on quote friends  
Do you got plans?  
Turns out everyone's free when the dinner is

**Dadd9**  
And they drag me to a party out in Malibu  
After thirty High Noons, it was pretty cool

A2  
Tried to shoot my shot  
She told me that she had a shoot  
Bye, bye (damn)

**Dadd9**  
Don't want to sober up  
The Sun is killin' my buzz  
That's why they call it mourning

A2  
Thought I was strong enough  
Threw my bottle at the sky  
Said: God, that's a warning

Got a lot of shit to say  
Couldn't fit it in the chorus

**Dadd9**  
Stumblin' down the corridor  
Came across an open door  
Throwin' up is easy  
And who put on the Commodores?

A2  
That's a nice towel flower  
Wish I got to know you more  
Who am I talkin' to? Nobody

**Dadd9**  
Take me outside  
I'm a little too high  
Paid a little too much  
For the time of my life  
A2  
When the money ain't a problem  
Everyone's excited  
Even when I tell myself that I
