

# Post Malone - Stay

Tom: F

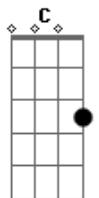

It's true that all that you know is all that you are  
 You said that it's all that you want and more  
 Fuck off and pour another drink  
 And tell me what you think  
 You know that I'm too drunk to talk right now  
 You put your cigarette out on my face  
 So beautiful, please woman  
 Don't break your back for me  
 I'll put you out of your misery  
 Tell me that it's all okay (tell me that it's all okay)  
 I've been waitin' on this all damn day (waitin' on this all damn day)  
 Call me in the mornin', tell me how last night went  
 I'm here, but don't count on me to  
 Stay a little longer if you convince me  
 You tell me all the things that you have against me  
 Every time we make up, the truth is faded  
 Everybody's blind when the view's amazin'  
 Damn, who are we right now?

Can we have a little conversation?  
 Figure it out with no intoxication  
 We carry on, what is our motivation?  
 We're never wrong, how the hell we gonna make it?  
 Maybe we're used to this  
 Tell me, what are we to do  
 It's like we only play to lose  
 Chasin' pain with an excuse  
 I love that shit and so do you  
 But don't break your back for me  
 I'll put you out of your misery  
 Tell me that it's all okay (tell me that it's all okay)  
 I've been waitin' on this all damn day (waitin' on this all damn day)  
 Call me in the mornin', tell me how last night went  
 I'm here, but don't count on me to stay  
 Tell me that it's all okay (tell me that it's all okay)  
 I've been waitin' on this all damn day (waitin' on this all damn day)  
 Call me in the mornin', tell me how last night went  
 I'm here, but don't count on me to stay
