Intro:

[Refrão]

They all say watch out There's a ghost in town  
And if you wanna stay safe, stay away from her  
Don't listen to her lies and the faint whisper  
Watch out, there's a ghost in town  
And if you don't want your heart broken, take my warning  
There's a ghost in town

[Primeira Parte]

She might seem cute but I swear that she's not  
Her face looks nice but her heart's got a clot  
She don't know how to love and I doubt she'll ever learn  
I gave her all I had and got nothin' in return  
Whenever out on public good at puttin' on a mask  
But whenever alone she a pain in the  
She actin' like my friend, but it was all a joke  
Left a bad taste like a burnt piece of toast

Can't imagine anybody else so mean

Took her bags and she ran away laughin'  
In the dust, in the dark by myself  
Never fall in love again, I'ma keep her on the shelf
