

# Powfu - Step Into My Life (Feat. Sleep.ing)

tom:

Intro: D G Bm G

[Primeira Parte]

Ayy, yes, I thought?of things I wanna say

But never said it

Searching how to get a girl's attention up

On Reddit

Sick of all these worries burying my face Side in

Wishin' I could talk without awkward Silence

Shit, I'm indecisive, never made my mind Up

I say I'm not depressed 'cause isn't

Everybody kind of?

Hope that I'ma win you over eventually (Eventually)

Wonder if I'll steal the heart of someone

Better than me

[Refrão]

And I don't care for what I've got

'Cause you're the only one I want

But I can't reach what's in my sight (My Sight)

Take a step into my life

And I don't care for what I've got (I've Got)

'Cause you're the only one I want (I want)

But I can't reach what's in my sight (my Sight)

Take a step into my life

Into my life (My life)

Take a step into my life

[Segunda Parte]

Ayy, diving into the weekend, all I do is Sleep in

Friends hit me up hardly, all they do is Party

How am I supposed to have fun?

If I know that I'll never be the one?

Diving into the night-time, all I do is Write rhymes

Flippin' through these pages, nothing ever Changes

Show me how to have a good time

'Cause I can never get this shit right

[Refrão]

And I don't care for what I've got (I've got)

'Cause you're the only one I want

But I can't reach what's in my sight (My Sight)

Take a step into my life

And I don't care for what I've got (I've Got)

'Cause you're the only one I want (I want)

But I can't reach what's in my sight (my Sight)

Take a step into my life

[Final]

Into my life, take a step into my life

I don't care for what I've got

Take a step into my life (Yeah)

Take a step into my life

## Acordes
