

# PREP - On And On

tom:

Intro: D E A

I never thought I had a chance  
You seemed so sure of what you wanted  
But I guess everybody's lookin' to disappear  
You're the only road I can see from here  
And I don't mind it gettin' us nowhere

'Cause I've been doin' a lot of thinkin' since we split  
Said a lot of things when I didn't know shit  
And I should've loved you more, that's the truth of it  
Sometimes I'm slow to the mark  
Been in a lot of places I don't fit  
I know we're better  
I know we're more if we take the chance  
This one could run on and on

With all those sparks that never catch  
(The way it is, just the way it is)  
And all those birds that never fly back  
(The way it is, just the way it is)  
If you're still lookin' for a place to disappear  
There's a lot of sky I can see from here

If you don't mind it gettin' us nowhere

'Cause I've been doin' a lot of thinkin' since we split  
Said a lot of things when I didn't know shit  
And I should've loved you more, that's the truth of it  
Sometimes I'm slow to the mark  
Been in a lot of places I don't fit  
I know we're better  
I know we're more if we take the chance  
This one could run on and on
