C G

Think I got the blues from you but I don't know

Am

I just can't see why you keep on holding on

C G

Every time you call me, girl, there's something wrong

Am

Yeah, I got the blues from you, I gotta know

C G

I bet my shirt feels good up on your skin

Am

I bet you love to feel like giving in

C G

I bet you told 'em we were nothing

Am

I bet you told 'em we were nothing (girl)

C G

Just give me one shot

Am

With all my speed, I'll give you one heart

C G

So bet on me, I'll play my cards right

No more dreamin'

Am

Give me one shot, oh-oh

C G

Just give me one shot

Am

With all my speed, I'll give you one heart

C G

So bet on me, I'll play my cards right

No more dreamin'

Am

Give me one shot, oh-oh

C G

You took my shirt and showed up at his door

Am

And then you left it on his bedroom floor

C G

I think he knew about me all along (all along)

Am

Plus, your perfume matches my cologne

C G

I bet it hits you when you breathe it in

Am

I bet he wonders where the hell you've been

C G

I bet you told him we were nothing

Am

So why'd you tell me we were something?

C G

Just give me one shot (one shot)

Am

With all my speed, I'll give you one heart

C G

So bet on me, I'll play my cards right (cards right)

No more dreamin'

Am

Give me one shot (one shot), oh-oh

C G

Just give me one shot (one shot)

Am

With all my speed, I'll give you one heart (girl)

C G

So bet on me, I'll play my cards right (my cards right)

No more dreamin'

It'll just take a second

Am

To believe in us, to believe in love

C G

Just give me one shot

Am

With all my speed, I'll give you one heart (girl)
