

# Priscilla Alcântara - I Believe In Your Name

Tom: F

I remember when I was crawling desperate

From the fight

I was feeling alone

But your spirit came to be my guide

Since a day I believe in your name

Since a day I believe in your name

Ooooooooooh, I believe in your name

I believe in your name

Ooooooooooh, I believe in your name

I remember when I was crawling desperate

From the fight

I was feeling alone

But your spirit came to be my guide

Since a day I believe in your name

Since a day I believe in your name

Ooooooooooh, I believe in your name

I believe in your name

Ooooooooooh, I believe in your name

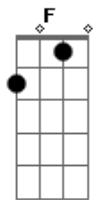

Uuuuuuhhhh

Ooooooooohhh

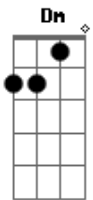

I believe, I believe

I believe, I believe
