[Primeira Parte]

Everything's so blurry and everyone's so fake
And everybody is empty and everything is so messed up
Preoccupied without you I cannot live at all
My whole world surrounds you, I stumble then I crawl
You could be my someone you could be my scene
You know that I will protect you from all of the obscene
I wonder what your doing, I imagine where you are
There's oceans in between us but that's not very far

[Refrão]

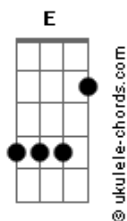

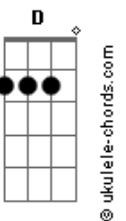

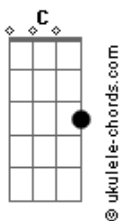

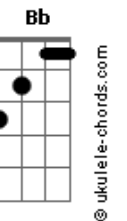

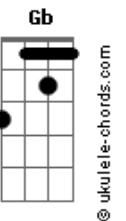

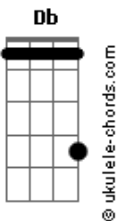

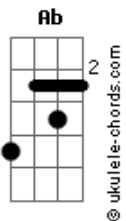

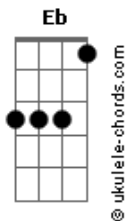

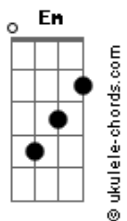

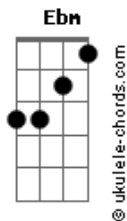

Can you take it all away, can you take it all away
Well you shoved it in my face, this pain you gave to me
Can you take it all away, can you take it all away
Well you shoved it in my face

[Segunda Parte]

Everyone is changing, there's no one left that's real
To make up your own ending and let me know just how you feel
Coz? I was lost without you, I cannot live at all
My whole world surrounds you, I stumble then I crawl
You could be my someone you could be my scene
You know that I will save you from all of the obscene
I wonder what your doing, wonder where you are
There's oceans in between us but that's not very far

[Refrão]

Acordes

Can you take it all away, can you take it all away
Well you shoved it in my face, this pain you gave to me
Can you take it all away, can you take it all away
Well you shoved it in my face, this pain you gave to me
[Breakdown]

Nobody told me what you thought
Nobody told me what to say
Everyone showed you where to turn
Told you when to run away
Nobody told you where to hide
Nobody told you what to say
Everyone showed you where to turn
Told you when to run away

[Refrão]

Can you take it all away, can you take it all away
Well you shoved it in my face, this pain you gave to me
Can you take it all away, can you take it all away
Well you shoved it in my face, this pain you gave to me
No? This pain you gave to me

(C D Em)

[Final]

Take it all, take it all away
This pain you gave to me
Please take it all away
This pain you gave to me
Take it all away
This pain you gave to me
