

Puffy AmiYumi - Teen Titans Theme

Tom: C

When there's trouble you know who to call

From their tower they can see it all

When there's evil on the attack

You can rest knowing they got your back

When the world needs heroes on patrol

Teen Titans

With their super powers they unite

Never met a villian that they liked

They've got the bad guys on the run

They never stop 'til the job gets done

When the world is losing all control

Teen Titans

Acordes
