

# Queen - Nevermore

Tom: **F**

Intro: **F**

There's no living in my life anymore.

The seas have gone dry and the rain stopped falling.

Please don't you cry anymore

Can't you see

Listen to the breeze, whisper to me please

Don't send me to the path of nevermo - o - ore.

Even the valleys below, where the rays of the sun were so warm

and tender

Now haven't anything to grow

Can't you see

Why did you have to leave me,

Why did you deceive me

You send me to the path of nevermore

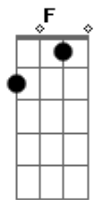

When you say you didn't love me anymo - o - ore

(Ah - Ah)

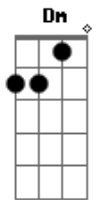

Nevermore,

Nevermore.
