

Queen - We Will Rock You Live

My first tabb
 This is how me and my bass-teacher plays We will rock
 you(live), its very simple

If you play with the drums before and after the vocals (during
 guitar solo)
 It sounds great

Follow the drums, play 0 0 on the bassdrum/ floor tom/ stomps
 i use some slides on the octaves some times (experiment)
 and so on..

Alt
 I hit the strings instead off play octaves, experiment again
 what strings are best to
 i usaly hits the higher strings G-D-A
