In the Verse, i?m not that sure about Guitar II. Actually i
think that it is the bass
that keeps the low end in the verse but if you haven?t got a
bass player you can just
do it like this. (i think :P)
you just have to switch from Treble to Bass on you guitar to
give it a deeper sound.

SOLO: (Part I)

Now the fun Begins :D

Now you just jump Directly from the verse to the solo.

Guitar I Still plays the usual:
