

Queens Of The Stone Age - Villains Of Circumstance

Tom: C

I miss you now, what's come over me
We're hostages of geography
The wait is long, and heavy too
Despite what you're accustomed to
I know life moves on, that's what scares me so
Have no intentions, of letting go
Only us, no one in the world
Only us, no one in the world
(Am - C - G - E)

I better do something, move earth and sky
And patiently, sweetly, with all of my mind
I sing only for you
To the beat of my footsteps at night

So close your eyes
And dream me home
Forever mine, I'll be forever yours
Always, evermore, and on and on
Always, evermore, and on and on
Always, evermore, and on and on
Always, evermore, and on and on
Always, evermore, and on and on

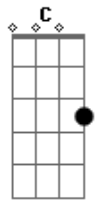

Always evermore

There's no magic bullet, no cure for pain
What's done is done, til you do it again
Life in pursuit of a nameless prey
I've been so close, I'm so far away
It's so hard to explain, and easy to feel
I need you now, nothing is real
Save me from the villains of circumstance
Before I lose my place

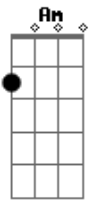

So close your eyes
And dream me home
Forever mine, I'll be forever yours
I'll be forever yours
I'll be forever yours
Always, evermore, and on and on
Always, evermore, and on and on
Always, evermore, and on and on
Always, evermore, and on and on
Always evermore
