

R5 - Heart Made Up On You

Tom: Ab

(com acordes na forma de Capostrate na 1ª casa

Em C Bm

You said what you said

When words are knives it's hard not to forget

But something in my head wouldn't reset

Can't give up on us yet

No, woah

Em C Bm

Your love was so real

It pulled me in just like a magnetic field

I'd let you go but something's taking the wheel

Yeah it's taking the wheel

Oh, oh

Am D

My mind says, "No, you're no good for me"

Bm Em

You're no good but my heart's made up on you

Am D

My body can't take what you give to me

Bm Em

What you give, got my heart made up on you

Am D Bm

Wo-oooh, wo-oooh

Em

Got my heart made up on you

Em C Bm

I should be making a break

Up all night thinking I'm planning my escape

But this insomnia ain't going away

And now I'm back at your place

Oh, no

Am D

My mind says, "No, you're no good for me"

Bm Em

You're no good but my heart's made up on you

Am D

My body can't take what you give to me

Bm Em

What you give, got my heart made up on you

Am D Bm

Wo-oooh, wo-oooh

Look what you did, what you did

Bm

What you're doing to me

Em C Bm

You got me searching for the words, like a silent movie

Em C Bm

I can't breathe, I can't see, it's so out of control

Em C Bm

Am D Bm

But, baby, honestly my hands are up, I'm letting go, go, go, go, go

Em

Got my heart made up on you

Am D

My mind says, "No, you're no good for me"

Bm Em

You're no good but my heart's made up on you
