                                                                                                                                                                                                                                                                                                             You're all I want
     Your eyes light up the sky
                                                                                                                                                                                                                                                                                                            All I need and I
I know you won't fade away
                                                                                                                                                                                                                                                                                                            Wanna be your everything
I know this couldn't fade
                                                                                                                                                                                                                                                                                                                D Fm
    See, I gotta tell you girl
                                                                                                                                                                                                                                                                                                            0hhhhhhhh
There's nothing quite like you
                                                                                                                                                                                                                                                                                                            Wanna be your everything
I love the things you do
                                                                                                                                                                                                                                                                                                             You're all I'm dreaming of
    I think I'm falling head over heels
                                                                                                                                                                                                                                                                                                             (All that I'm dreaming of)
                                                                                              D
                                                                                                                                                                                                                                                                                                             You're all I'm thinking of
   'Cause you're all I want
                                                                                                                                                                                                                                                                                                             (All that I'm thinking of)
                        Em
                                                                                                                                                                                                                                                                                                             You're everything, everything
All I need and I
                                                                                                                                                                                                                                                                                                             I'll be all that I can be
Wanna be your everything

Wanna be your everything
                                                                                                                                                                                                                                                                                                              'Cause you're all I want
                                                                                                                                                                                                                                                                                                                                    Em
                                                                                                                                                                                                                                                                                                            All I need and I
When I'm staring, face to face
                                                                                                                                                                                                                                                                                                            Wanna be your everything
Against those perfect lips
                                                                                                                                                                                                                                                                                                             You're all I want
I love the way you taste
                                                                                                                                                                                                                                                                                                                                  Em
                                                                                                                                                                                                                                                                                                            All I need and I
And every time we touch \ensuremath{\text{G}}
                                                                                                                                                                                                                                                                                                            Wanna be your everything
I drift away, I'm not the same % \left( 1\right) =\left( 1\right) \left( 1\right) \left
                                                                                                                                                                                                                                                                                                            D Em
Am G U Think I'm falling head over heels
