

Radio Hotel - Last Stop

tom: E [Intro] E Dbm A
 I woke up feeling old today
 Same road, but not the same way
 Every face I used to know
 Fades out slow, fades out slow
 We walk on borrowed time, it's true
 I lose me, I lose you
 Every step we think will stay
 Slips away, slips away
 [Refrão]
 Everything will end someday
 Nothing here will ever stay
 We get on, then we move along
 Life's a train, then we are gone
 People come and people go
 Some stay fast, some go slow

Every heart will miss a beat
 When we meet, when we leave
 One by one we leave the line
 No one stays, it's just time
 I will go, just like you
 Nothing here we can hold to
 [Refrão]
 Everything will end someday
 Nothing here will ever stay
 We get on, then we move along
 Life's a train, then we are gone
 One last stop, one last sound
 Feet don't touch the ground
 Say goodbye, don't be afraid
 We all fade? we all fade
 [Final] E Dbm A
