

Radiohead - Been Thinking About You

Tom: C

Been thinkin 'bout you, your records up here
Your eyes on my wall, your teeth are over there
But I'm still no-one, and you're a star
What do you care

Been thinkin 'bout you, and there's no rest
Should I still love you, still see you in bed
But I'm playin' with myself, what do you care
When the other men are far far better

All the things you got, all the things you need
I bought you cigarettes, I'll bribe the company
To come and see you, honey

Been thinkin 'bout you, so how can you sleep
These people aren't your friends, they're paid to kiss your feet
But they don't know what I know, why should you care
When I'm not there

Been thinkin 'bout you, and there's no rest
Should I still love you, still see you in bed
But I'm playin' with myself, what do you care
When I'm not there

All the things you got, you'll never need
All the things you got, I'm planning to bleed to,
Please you
