Tom: A (played underneath solo at end)

(main riff)

(fill-ins used during and in between the playing of the riff)

(chorus)

(main riff)

(also insert)

In my mind
And nailed into my heels
All the time
Killing what I feel
And everything I touch turns to stone
(All wrapped up in cotton wool, all wrapped up and sugar coated.)

I am fused
Just in case I blow out
I am glued
Just in case I crack out
And everything I touch turns to stone
Everything I touch turns to stone
