Blow into this paperbag,
Go home, stop grinning at everyone
Blow into this paperbag,
Go home, stop grinning at everyone

It was nice when it lasted,
But now it's gone

It was nice when it lasted,
But now it's gone

Take your armor off,
You're not under attack
Take your armor off,
You're not under attack

And they were honeybees
On a blade of grass
Take your armor off,
You're not under attack
