

Radiohead - Vegetable

Tom: G

I'm not sure about this at all, but if you tune down 1/2 step and play it this way, it sounds OK...

Intro: . Bass opens (I think) as illustrated. Then guitar.

1.

I never wanted anything but this

I worked hard, tried hard

I ran around in domestic bliss

I fought hard, died hard

Every time you're running out of

here

Every time you're running get the

fear.

2.

I never wanted any broken bones

Scarred face, no home

You words surround me and I asphyxiate

And I burn all hate

Every time you're running out on

me

Every time you're running I can

see. I'm not a vegeta- ble

I will not control my- self

I spit on the hand that feeds me

I will not control my- self

The waters break, the waters run all over me

The waters break, the waters run And this time your gonna pay

(Something similar to the) solo:

= vibrate

/ = bend

\ = release

I'm not a vegetable... (etc. like before).
