Every morning I love waking up looking in your eyes

When you kiss me I can feel all this peace and love A
D B
It's all okay, cause I, honey, just want you more and more

Gbm A
There is much more about you I want to find out
Gbm
B
There's much more than the whole world when you smile
Gbm A
Then let's open our arms to let love take us there
Gbm
I am learning how to live my life
D A B
By walking by your side

I? I?
Dbm E
I want to learn with you
A
B
To be the one you love, and the one you're proud of, and
together we'll both grow old
Dbm E

But, first, let's make it true

A
B
Our history together, our whole life and forever, holding
hands so we can go
D A

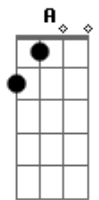

A
B
For you I am the one E

E A
Every night I fall asleep with your sweat holding me
D B
And when you come into my dreams it's, oh, so sweet

All I want is to stay here and listen to your voice
D B
It's all so good, cause in my groove you're all I'm speaking
of

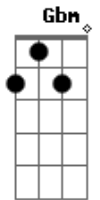

Gbm B
Real and natural, and everything I ever wanted
E A
All here in my hands
Gbm B
Now I can see the things I prayed for
E A
Cause your love makes me fight and stand
D A
Feels so good to say

Gbm B E A
For you I am the one?
Gbm B E A
For you I am the one?
