Chorus

Solo- This is hard here I'm not sure what it is but
 I have a few Ideas so try them out.
 1. Whammy pedal feedback wah selector switch
 2. Whammy pedal fretted note wah selector switch
 3. Whammy pedal bulls on parade technique switch

Part 2 of solo- Tom uses a guitar with the selector switch on in the treble and rhythm positions and off in the middle then plays notes the 6th string and then others without the switch.

(more whammy stuff going on)
