When I'm **Am** pacing around
Looking for **G**
A place to go **F G**

Really holding anything **F G**
Something pulls me back to where I started **Am G F**
But nothing feels the same **Am**
And I've got nothing left to say **G F**
Oh, I've never been so **Dm**
Lost, like now **Am F G**

Oh, I've never been so **Dm**
Broken like the moment right after you left me **Am C G**
I'm so sick of begging you to stay **Dm Am**

Feels like you are never listening **Dm Am**
Feels like I'm talking to the walls **C G**

Like this **C G**

When I'm thinking about **Am**
All the things **G**
I could've done **Gb F**
I know it's pointless to regret **Am**
Cuz' everything is in the past **G**
I have no choice **Gb**
But to follow my way **F**
Into this maze we all call life **Am**
Where we get lost in every day **G**
Always looking for directions **Gb**
F

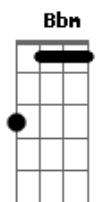

But we only find deceptions
I swear, I'll never get the point **Am G**
Of running around **F**
Towards something
I can't trust **F**

Oh, I've never been so **Dm**
Broken like the moment right after you left me **Am C G**
I'm so sick of begging you to stay **Dm Am**

Oh, I've never been so **Dm**
Broken **Am**
Like this **C G**

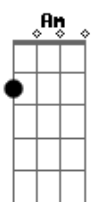

I'm telling you I've got **Am**
Nothing left to say **C**
But it feels like you don't wanna understand me **G F**
I'm using simple words **Am**
Nothing complicated **C**
But you make it all sound so difficult **G F**
Listen baby, I'm not saying it again **Am C**
I'm doing what I can to make it work **G F**
So help me to help you **Am**
Don't overthink it **C**
Hear me out **G**
I'm just saying **F**

Oh, I've never been so **Dm**
Broken like the moment right after you left me **Am C G**
I'm so sick of begging you to stay **Dm Am**
Cuz' doesn't matter what I say **C G**
Feels like you are never listening **Dm Am**
