YOU'D GONNA KILL THAT GIRL

I saw her walking down the street

He jumped down he knocked her off her feet

And then I knew it was the end of her

He's gonna kill that girl

He's gonna kill that girl
He's gonna kill that girl tonight
He's gonna kill that girl...

When I saw her walking down the street
My heart stood still and skipped a beat
Then he knocked her on the floor
But he wanted just a bit more

He's gonna kill that girl...
He's gonna kill that girl...
When I saw her walking down...

I saw her lying on the street
He jumped down, he knocked her off her feet
That's when I know it was the end of her

He's gonna kill that girl...
He's gonna kill that girl...
When I saw her walking down...
You're gonna kill kill kill that girl
You're gonna kill kill kill that girl
You're gonna kill kill kill that girl
You're gonna kill kill kill...

YOU SHOULD NEVER HAVE OPENED THAT DOOR

[B E A D G C]

Mama where's your little daughter
She's here, right here on the altar

You should never have opened that door
Now you're never gonna see her no more

You don't know what I can do with my axe
Chop off your head so you better relax

You should never have opened that door
Now you're never gonna see her no more
You should never have opened that door
Now you're never gonna see her no more
