

Rancid - East Bay Night

tom:

Another East Bay Night
 East Bay Night
 East Bay Night
 East Bay Night

[Primeira Parte]

When the sun goes down, and the night come round
 And the fog come a rollin' in
 When you cast a line to go dance one time
 And an old friend invites you in
 Hear a punk rock song and we sing along
 Everything's gonna be alright

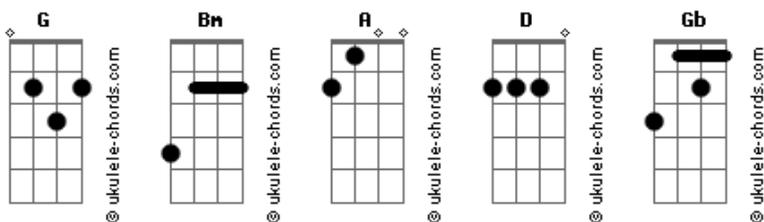

[Refrão]

Another East Bay Night
 East Bay Night
 East Bay Night
 East Bay Night

[Segunda Parte]

Well, Gramma stands on the very same land
 On the old house up on the hill
 You can see the San Francisco Bay

Acordes

Alcatraz over the landfill
 And we'll reminisce on the front porch
 Under a yellow light

[Refrão]

Another East Bay Night
 East Bay Night
 East Bay Night
 East Bay Night

[Solo] Bm Gb | G | D A | x2

[Terceira Parte]

Earthquakes shake and fires take
 From this view I've seen it all
 I've tasted smoke as the hills burned
 I heard the freeway fall
 When there's nothin' to say just look into the bay
 You know some things, they just feel right
 [Refrão]

Another East Bay Night
